

Why Choose Timber Shutters

- **Warm and welcoming to live with.** Stores carbon and provide outstanding thermal insulation, saving energy. A simple way to reduce our Carbon footprint.
- Naturally renewable and able to regenerate. Wood creates healthy living conditions and is affordable and easily available.
- A huge range of stunning paint colours available with the option of custom colours.
- Features Norman's invisible EasyTilt louvre system. No unsightly and clumsy "hidden" tilt rods.
- PerfectTilt Motorisation, integrated solar panel for self charging with an award winning smart dial remote control. IOS device option, built in jam protection and can be manually operated.
- 180 degree tracked system with optional AutoClose louvres for Bi-Fold Shutters.
- Supplied with Norman's exclusive "No Questions Asked" 5 year warranty. Even if you break it, we will replace it.
